## *Summer E-Newsletter 2018*

### **A Message from Principal Dave Smith**

Being in the Central Valley for the last 18 years it's impossible to not know about Patterson. Between the continued academic growth, the innovation with industry partnerships, and the success of the athletic programs, Patterson High provides its community a vital service. Now that I've been able to spend more time here and had the opportunity to begin working with many of you and seeing the multitude of programs that are offered, it has become evident that the culture of Patterson High is highly student centered. It's clear that Patterson works hard to not only put students' interests first, but also to provide all students access to a rigorous and relevant educational experience. As we enter this new year I'm excited for us all to begin working together, not only to continue the great work that is already happening but to try new endeavors in the pursuit of educational excellence.

Go Tigers!

# Aeries Portal

If you have an existing Aeries Parent Portal account created it is mandatory that you log into review or update all information. It is very important that all phone numbers, addresses, and emergency contacts are up to date. If you have never created an Aeries Parent Portal account you should receive a letter in the mail with the instructions to create a parent account. Your parent account must be updated or created before your students can pick up a schedule. **If you need assistance with creating a parent account, please stop by the Administration Office at PHS Tuesday, July 31st from 9:00 am to 11:30 am or 3:00 pm to 6:30 pm.**

## Nurse's News

Any medication taken by a student during the school day must be on a medication form signed by the physician and the parent. Medications must be maintained in the health office with the exception of inhalers and Epi-pens. Medication is defined as all prescribed or over the counter pills, capsules, tablets, liquids, ointments, creams, inhalers, and Epi-pens. Medication must be in the original container and prescribed medication must be labeled with the student's name.

Diabetic students and parents must make an appointment with the school nurse before the student may be on campus. Appointments will begin August 2, 2018. A Diabetic Checklist for Parents was sent home with students. If you are a new diabetic, or need a copy of the checklist, please call 209-803-8066 and leave a message with the student name and a good contact number.

Any student receiving immunizations over the summer should forward a copy to the health office. Students who are non-compliant may be asked to go home until proof of vaccination has been obtained. Please see the school nurse if you have any questions or concerns.

Any student who has a health condition and cannot participate in PE must have a physician complete a Recommendation for Limited Participation in PE form and turn it into the school nurse for review.

All forms may be downloaded from the PUSD website under Health Services. Any student who has any health condition that limits any activities at school should make an appointment with the school nurse by emailing [kjob@patterson.k12.ca.us](mailto:kjob@patterson.k12.ca.us).
